

CV

Patrick Meyer, PhD, Global Head of Business Development

Dr. Meyer is the Global Head of Business Development and Member of the Executive Committee at Rentschler Biopharma. He has been with Rentschler Biopharma for over eight years and is a seasoned expert in business development, client relationships and the biopharmaceutical industry. He holds a PhD degree in molecular medicine and cellular biology. He previously served as Global Head BD Sales and Alliance Management and has effectively managed global BD and key accounts. He also focused on Rentschler Biopharma's strategic CDMO collaborations and alliances, to provide clients with high-quality integrated services along the entire biopharmaceutical value chain.
