

CV

Andreas Loewe, Vice President Finance

Andreas Loewe brings 30 years of professional experience in finance and controlling, procurement and production, accompanied by a variety of positions of increasing responsibility in internationally active biotech companies. Prior to joining Rentschler Biopharma, he was Vice President Controlling, Procurement and Projects at Neovii Biotech. At Fresenius SE, he was responsible as Vice President Controlling and Member Management Executive Committee, for various biotech companies and this tenure sharpened his overall view of relationships. Having started his career as a biological technical assistant in cGMP production at Fresenius, Andreas Loewe not only developed a comprehensive commercial understanding, but also built up solid expertise around Rentschler Biopharma's core competence. He joined Rentschler Biopharma in 2020 as Vice President Finance. Since June 2023, Andreas Loewe is part of the Extended Management Team and responsible for finance topics.
